

**POLYCLINIC LA CROIX DU SUD GISENYI
RUBAVU DISTRICT**

Date: Dec 1st 2025

MEDICAL REPORT

This is to certify that NTORE Denyse a 34 year old has been consulted at la croix du sud polyclinic on 1st Dec 2025 for a persistent pelvic pain on a pregnancy of 15 weeks .She was examined and found with signs of threatened abortion .As a high risk pregnancy she advised to do minimal physical activities from today .

We therefore recommend her employers to facilitate her work in less active functions.

Kind regards ,

Dr Herman RWAMBIBI

Gynecologist
